Docket No. RM2012-2

UNITED STATES POSTAL SERVICE NOTICE OF FILING  
OF ERRATA TO ATTACHMENTS TO PETITION  
(December 9, 2011)

The United States Postal Service provides notice of errors in certain attachments included with the Petition it filed in this docket on November 30, 2011. Specifically, the Postal Service would like to correct errors in the Proposal Eighteen attachments FSSModifications.pdf and Prop18PERFlats.xls.

The cost model contained in Prop18PERFlats.xls neglected to account for bundle handlings of Carrier Route (CR) bundles that are processed on the Flats Sequencing System (FSS). As a result of FSS processing, these bundles do not receive handling at the Destination Delivery Unit (DDU). While they do incur costs at the DDU, when a clerk distributes containers of sequenced mail to carriers, such costs are incurred as pieces, not as bundles.

The Postal Service is filing a revised cost model, Prop18PERFlatsRevised.xls, and a revised version of the FSS Modifications document, FSSModificationsRevised.pdf.

Respectfully submitted,

UNITED STATES POSTAL SERVICE
